Disclaimer

By signing this disclaimer you confirm that you are satisfied with the size specified; Perry is making your blazer to order which means we are unable to offer a refund on your garment. Our service is not a bespoke tailoring service. Our sizing service is to enable you to choose your best fit from our standard range of sizes.

For blazers made from our cream cloth you understand that the nature of the weaving process means there is an inherent possibility of a feature (known as a “characteristic”) resulting from the cleaning process of wool prior to spinning. This characteristic in our cloth can be evidenced as dark lines of yarn that may be visible to the naked eye. This is a providence of quality and heritage rather than faulty weaving or poor quality yarn. By placing this order you deem this characteristic to be acceptable.
